

2744 Reports

Business Objective

To be able to report on the underlying data for the CMS Form 2744 for the current reporting year and to do a comparison with the totals from the prior reporting year.

Business Description

The dialysis facilities and ESRD networks need the ability to view the underlying patient data for the 2744 and to be able to do a comparison to the prior year's totals.

Benefit Hypotheses

- Is an accounting of all ESRD patients annually
- Provides CMS with certified counts of ESRD patients
- Provides CMS with staffing trending
- Provides modality trending
- Trends with the death count
- Allows stakeholders to see discontinued patients
- Provides the level of detail of how the counts were derived
