

ROADMAPS EXPLAINED

1. Understand the value of Roadmaps
2. Identify the 3 key components of Roadmaps
3. Distinguish the scope and characteristics of different Roadmaps
4. Recognize the responsibilities of Stakeholders, Leadership, and Delivery Teams

Key Components of a Roadmap

Events

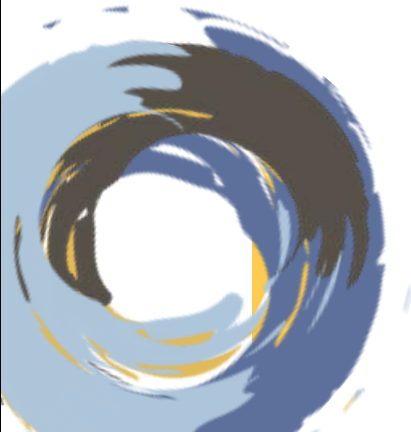

- Cyclical
- Single Point

Time

- Defined Periods

Work

- Epics
- Enablers
- Features

How Leaders Engage

- Refine the Portfolio and Program backlogs on a cadence
- Attend System Demos to understand the current progress
- Communicate Vision and Roadmaps at PI Planning to inform the ART commitment
- Attend the I&A Workshop to understand the needs and impediments of the ART to successfully deliver value
 - Give positive feedback- i.e., say "Thank you, now we need..."
- Work with Stakeholders to understand the constraints
 - Legislation
 - Regulation
 - Executive Orders
 - Etc.
