FileCloud Decommission: Team Folder Migration Starting Soon!

Team Folders migration into the new Unified File Management system will begin on **February 6, 2024**, with an expected completion date of **March 1, 2024**. Once the migration is complete, your files will be available in Unified File Management.

As of that date, we recommend all Team Folders be accessed and any future files be uploaded in Unified File Management as FileCloud updates from that point forward will not be transitioned.

The Network Shares migration will begin on **February 12th, 2024** and will be completed on **March 1, 2024**.
