Planned Activity

Planned Actions: Upgrade Non-Prod F5 load balancers to remediate vulnerabilities. CHG0053927

Impacted Application Development Organizations (ADOs): ADOs & Ventech (all F5-hosted URLs)

Planned Downtime: 6/28/2022 11:30 p.m.– 6/29/2022 1:30 a.m. ET

What To Expect: While our downtime is limited to 5 minutes occurring between 11:30 p.m. – 1:30 a.m., we expect only a brief impact to F5-hosted URL traffic while traffic is failed over to the other availability zone. Any disruption is limited to a few minutes at most and, with previous upgrades, the failover has been transparent to the user community.
