August 30, 2023

QualityNet Operations Dashboard (QNOD) v2.3.0

Affected customers: All QualityNet users.

What is happening?

On Wednesday, August 30, 2023 at 8 p.m. ET, we will be releasing a new version of the QualityNet Operations Dashboard (QNOD2).

What is this release happening?

New versions of QNOD2 are released each sprint to ensure that QNOD2 users have continued access to the latest product features and enhancements as well as fixes to any issues that have been resolved.

What are some of the enhancements included in the upgrade?

- Remediated PEN testing findings
- Updates to service configurations to align with baseline reconciliation findings:
 - Confluence
 - Jenkins
 - Zscaler

The release notes for all past releases can be found on [Confluence](#). Once you are on the page, click on the Release Notes 2.0 tab at the top of the page.
