

PRS 2.0 Planned Activity

PRS 2.0 Release 6.10.0 will be deployed to Production this evening!

Planned Actions: PRS Release 6.10.0 scheduled for Wednesday, June 1st, 2022.

User Community: PRS 2.0 (<https://qualitynet.cms.gov/admin>).

Planned Downtime: No Downtime Required.

What To Expect:

HSP Module:

- CSV Export functionality updated - users will now be able to export large portions of records to CSV file instead of just the initial page they are viewing
- Users can now view the Inpatient Discharges for the provider
- Users can now view the QIO defined fields section for the provider
- Users are now able to view the HSP FI/Carrier/MAC on the data dictionary

MA Plan Update:

- MA Plan basic search functionality
- Formatting for pagination and match HSP

Note: Basic search will only include search functionality, does not include search details page. Data will not be available until tentatively June 3rd 2022.

Beneficiary Module Update:

- Update Primary payer data to match data dictionary definition
