ACTION REQUIRED

CCSQ ServiceNow Internal User Access

Affected Customers: CCSQ ServiceNow Internal Customers (without a HARP User role)

CCSQ ServiceNow recently completed an internal User access role audit. It is a CCSQ ServiceNow requirement that all internal ServiceNow customers have the required HARP account role for their ServiceNow User access.

IMPORTANT: You do not have the required HARP account role for your ServiceNow User access.

You must complete the following actions:

To retain your current User functionality in CCSQ ServiceNow, you need to access HARP and request the Standard ServiceNow User role.

Failure to register for the appropriate User role in HARP before December 6, 2022, will result in your profile being converted to a Contact record. If your access is downgraded to an external Contact, you will lose your current ServiceNow User access and have Portal view only.

For access to HARP and information on how to request the Standard ServiceNow User role, review the <u>Quick Start Guide</u> on the QualityNet/CCSQ ServiceNow page.

Follow these steps to request your Standard ServiceNow User role in HARP:

- 1. Log in to HARP.
- 2. Click the **Request a Role in HARP** button.

View / Edit Profile Information	Change				
	Password	Update Challenge Question	Manage Two- Factor Devices		
User Roles Not all applications use HARP for role requests. Follow your application's instructions for how to request a user role. Request a Role in HARP View User Roles			Applications HARP currently supports the following applications. + Show Applications

- 6. You will be notified by your organization's Security Official via email when your role has been approved.
- 7. Log into CCSQ ServiceNow at https://cmsqualitysupport.servicenowservices.com/ using your HARP credentials.

What's next?

You must request the Standard ServiceNow User role in HARP and notify your organization's Security Official via email prior to December 6, 2022, or your ServiceNow access will be downgraded to a Contact, and you will have Service Portal view only.

If you have any questions, contact ServiceCenterSOS@cms.hhs.gov.
