REMINDER: ADO ACTION REQUESTED

Hello HARP ADOs,

The HARP team is currently in the process of developing more effective, streamlined communication methods for the HARP Community to utilize. To gauge interest on specific information the HARP Community and user-base would be interested in receiving, the HARP Team has created a survey for ADO feedback. The survey will be open until Friday, September 30th, 2022. Participation is encouraged and greatly appreciated as any responses received will help focus our communication efforts for this initiative.
