Alert August 1, 2022

Planned Activity

Planned Actions: On Monday, August 1, 2022, Saviynt will apply security patch updates to address OS-related vulnerabilities in Non Prod Govcloud Systems. This is an OS security patch update and has no impact on Saviynt Application functionality.

Impacted Application Development Organizations (ADOs): None.

Planned Downtime: The maintenance window is between 3:00 PM - 8:00 PM EST. The servers will need rebooting after the patch update.

What To Expect: Once Saviynt has applied the security patch updates, the team will complete validation. No ADO actions are required.
