

February 8, 2022

Planned Activity

PRS 2.0 Release 6.2.0 will be deployed to Production this evening!

Planned Actions: PRS Release 6.2.0 scheduled for Tuesday, February 8th, 2022.

User Community: PRS 2.0 (<https://qualitynet.cms.gov/admin>).

Planned Downtime: No downtime required.

What To Expect:

HSP Module:

- Can now view the PECOS data on HSP details and toggle between the different data sets within the user interface for PRS 1.0 and PECOS
- More column options added to the Modify Columns feature when returning search results
- Phone Number
- Fax Number
- Bug Fixes:
 - The search results page display has been adjusted when displaying all columns.

Beneficiary Module:

- Beneficiary coverage now includes Hospice coverage
- Coverage entitlement reason description added
- The coverage entitlement reason field name is updated
- Coverage is sorted from newest to oldest
- The search results will now display SSN in a single line
- Bug Fixes:
 - Fixes a bug where information was missing when a beneficiary went through the archival process
 - Removed entitlement reason codes from Medicare Advantage Organization coverage
 - The about page has the Beneficiary link now
 - Changed the display options for beneficiary race
 - Changed the display options for middle name
 - Fixed a hover effect on the beneficiary details page
