Planned Activity

Planned Actions: CMSNet WAN gateway traffic migration – CHG0054961

Impacted Application Development Organizations (ADOs): ADOs and Ventech

Planned Downtime: Saturday, 4/1/2023, 10:01 a.m. – 12:50 p.m. ET

What To Expect: During the migration, users may notice a brief disruption in Verizon CMSNet service during route convergence. While we expect the disruption to be minimal, users should be prepared for possible blips in Verizon CMSNet connectivity on April 1 between 10:01 a.m. and 12:50 p.m. ET.
