

PRS 2.0 Development and Design

December 2023 Update

This message provides current and/or planned updates for the **PRS 2.0 system development**. It also contains the PRS 2.0 reference materials for User Role process, data source overview, and the release timeline.

Important News & Announcements

Physician Module: Testing for this module is in progress and now expected in Production by December 19th. More details will be provided as we get closer to the release, including when the PRS 1.0 version of that module will be decommissioned to coincide with this release.

Physician Member Module: This module will be rolled into the Physician Module and will be part of the release on December 19th. The Group NPI will be displayed but will not link to the Physician Group Details until that module is released in early 2024.

Where can I go if I have additional questions or need help?

For any questions or help that you may need, please reach out to **#help-prs2** on **Slack** or contact the **Service Center** at **866-288-8914 (TRS: 711)** or ServiceCenterSOS@cms.hhs.gov.

I don't have a PRS 2.0 role yet, how do I request one?

If you are new to PRS 2.0 and would like to access the system, please log into **HARP** and navigate to **User Roles**; select **Request a Role in HARP**; on the *Select a Program* page, select **QualityNet Workspace**; on the *Select an Organization* page; select **ESS PRS**; Under *Roles*, select (as applicable) **PRS General User, BFCC Editor, or HSAG Editor** and **Submit**. Once the role is approved you can login to **PRS 2.0 within the QualityNet Workspace**.
