REMINDER: Demonstration Tomorrow

CCSQ ServiceNow 'New Account' Section Update on Case Form

Invited Stakeholders: Service Center Agents supporting HQR, EQRS, EPCS, iQIES/QIES, & QSEP

Good afternoon,

On December 22, 2022, CCSQ ServiceNow released an update to the 'New Account' section on the QPP case form. This functionality simplifies the Customer data entry process by eliminating the extra keystrokes required to complete the form.

QPP Case Form Update:

- The 'New Account' section on the QPP Case form on the ServiceNow Platform and Agent Workspace has been updated to move the 'Account Zip Code' field above the 'Account State' and 'Account City' fields.
- This change allows the field that triggers the auto-fill to be presented before the fields that are filled to simplify and speed up data entry for New QPP Accounts.

We plan to demonstrate this functionality at the CCSQ SNOW Express ART System Demo tomorrow Thursday, January 12, 2022, at 2:00-3:00 PM ET to provide more insight and answer any questions or concerns. You should have received an Outlook invitation to the system demo dated January 5th. If you have not and are interested in attending, please contact Katherine.Edwards@ventechsolutions.com to be invited.
