

The Roles

The Roles: Prior to issuance of the contract solicitation, several individuals are identified by ISG Management to participate in the process of onboarding the contract. This section lists these roles and delves into their responsibilities. Each role's page provides a general description of the role, the steps in the onboarding process in which they participate, and who they interact with during each step.

CONTRACT ENGAGEMENT TEAM: *The Contract Engagement Team consists of the following individuals – Architect Lead, CMS COR, DSIF Onboarding Lead, Infrastructure Lead, Project Manager, Security Lead, and Engagement Lead.*
