Planned Maintenance Activity

Planned Actions: A scheduled maintenance event will begin Friday, October 4 at 8:00pm ET.

Impacted Community: All SAS Viya users.

Planned Downtime: This maintenance event will begin Friday, October 4 at 8:00pm ET and end on Saturday, October 5 at 12:00am ET.

Call to Action:

- Please ensure to save your work (i.e. data, script, and tables) before the maintenance event. This is to ensure that your information will be saved throughout the maintenance process. Any long-running jobs would also need to be restarted after the event.
- Save your data from SAS Content to your workbench by following these instructions here.
- Please save any of your CASLIB datasets before maintenance by following these instructions. After the maintenance window, you will need to load your tables back into memory to continue working with them.
