January 31, 2024

Tenable Security Center Planned Activity

Planned Actions: Tenable Security Center Maintenance

Impacted Application Development Organizations (ADOs): All ADOs

Planned Downtime: Saturday, February 10, 2024, 8:00 a.m. ET to 5:00 p.m. ET.

What To Expect: The Security Engineering team is migrating the PRODUCTION Tenable Security Center from RHEL 7 to RHEL 8 on the Tenable Security Center server.

The Tenable.sc console will be shut down and **unavailable** during this maintenance window.

For any questions or concerns, please feel free to reach out to the Security Engineering team cms-ccom-secops@samtek.io.

If you need additional information, please work with your assigned CMS Information System Security Officer (ISSO) (List here), the CCOM Security Analyst team, or reach out on QualityNet Slack: #qnet-security-community.
