

QualityNet | Unified File Management

November 08, 2024

Planned Activity

Good Day UFM Users,

A change is being implemented to our roles in HARP and due to that you will receive an email (sample below) indicating your access request is approved. No action is needed on your end due to this email.

Dear (Your Name),

Your access request is approved for:

Application Name: Unified File Management

Organization: (Your Organization)

Role: MFT Web User_(Your Organization) for access to (Team Folder Name/Network Share)

Request ID: (The ID)

Welcome to the Unified File Management!

Unified File Management (UFM) is a solution that automates and secures file transfers using a centralized enterprise-level approach. UFM is a comprehensive solution that will manage file transfer, file sharing, secure FTP, and automation needs through a single interface.

To learn more about the UFM, please visit the Unified File Management page on the QualityNet Communications Hub. This page provides useful information such as training materials, helpdesk contact information and instructions on how to sign in and use the tools.

To access UFM directly, please access this site: <https://qnetmft.cms.gov>

If you need additional information, contact us:

Phone: 1-866-288-8914

Slack: [#help-service-center-sos](#)

Save time. Submit and Track your ticket!
