Weekly Communication

November 2, 2020

This email is part of a weekly communication series from the Data and Analytics Modernization team, designed to provide you the latest updates on the SAS Viya application, the Centralized Data Repository (CDR), and user experience offerings.

This week's email contains information and updates on the following topics:

- Important URL Changes
- SAS 9.1 and 9.4 Server Decommission
- CDR Weekly Refresh Update
- NCH Part A and B Data Issue
- Upcoming Communications Call Agenda
- Important Links and Dates – ***New Items!***

IMPORTANT URL Changes

Please note that the SAS Viya URL has changed to <https://qnetanalytics-viya.cms.gov/>. The obsolete URL will automatically redirect you to the new URL to minimize access issues. This redirect will be in effect until December 1st.

Also, our Confluence space URL has changed to <https://qnetconfluence.cms.gov/display/DATA/>. The obsolete URL for our space will

automatically redirect you to the new URL to minimize access issues. This redirect will be in effect until November 25th.

You are encouraged to update your bookmarks immediately.

SAS 9.1 and 9.4 Server Decommission

For all organizations and users utilizing the SAS 9.1 and 9.4 servers, please remember that these servers will be decommissioned as part of the Ashburn Data Center evacuation. This will occur on November 30, 2020. If any of these organizations or users have any questions about this upcoming decommission, please contact us at HCQIS_data@hcqis.org.

NCH Part A and Part B Data Issue

There was an issue last week with missing Part A and Part B claims for the week of 2020-06-12. The issue was due to a problem in the processing of the load which resulted in missing data. It was identified on 10/26/2020 and corrected on 10/29/2020. The data issue also impacted the claims data used for CSAT. Full details of the issue can be found on the [Known Issues Log](#). If you have any questions on the data issue, please contact us at HCQIS_Data@hcqis.org.

Upcoming Communications Call Agenda

Please join us on November 5th at 1:00pm EDT for our next CCSQ Data & Analytics Communications Call. **This week, a special speaker from the HQR team will present details on the availability of HQR data.** We will also have another special speaker from the SAS team to present the next part of our SAS Visual Analytics series. During our call, we will also cover details of our upcoming CCSQ Data & Analytics Data Camp. Please contact us at HCQIS_data@hcqis.org if you need to be added to the invitation.

Important Links and Dates

Please note these helpful quick links below, pointing you to some key spaces on our CCSQ Data & Analytics internet facing space on Confluence:
